

Team Report

MEETING

Sept 23, 2026

PERIOD

Sept 9 - Sept 23, 2026

DECISIONS NEEDED

OUTCOME / OWNER

1	Vikki	Letter of support for Taiwo Feyijimi (D27007, D27006) for his citizenship application: whether and how to respond.	
2	Vikki	Approve resuming LogIQ & STRIVE outreach once the USU Invents video is done.	
3	Vikki	LinkedIn post C26013: needs Alan's approval.	
4	Member 2	Add a website section listing our ~10–20 patented animal models (animal, disease, patent link) instead of an NCS for each.	
5	Member 2	HEAL press release: CANR hasn't responded. Send to Utah State Today and the Utah Statesman instead?	

Vikki Ballard

Launched HEALstrata publicly and started pursuing revenue and licensing; finalized the official IPMR template and handed commercialization work to Hannah.

IPMR

- C24018: working through IPMR; met inventor Sept 17.
- D27007 / D27006 (PEASSA, TAIWO): inventor requested letter of support. [Decision 1](#)
- Reworked IPMR finalized per April; saved to main templates as "OFFICIAL-IPMR Template- CXXXXX IP Market Report."

COMMERCIALIZATION

- Hand-off meetings with Hannah: USU Invents videos and all commercialization efforts.
- LogIQ & STRIVE outreach paused for USU Invents video. [Decision 2](#)

HEAL & SANDBOX

- Team averaging 24 hrs/person/week on HEALstrata.
- healstrata.com live in production; collecting industry feedback.
- Running client demos and industry interviews.
- Working on monetization strategy.
- Licensing meeting with Preston today.
- Advisory board meeting Monday, Sept 14.

GENERAL

- Working with Joy (COI) to keep student / TTS / co-founder roles above board.
- LinkedIn post C26019 live.
- LinkedIn post C26013 drafted. [Decision 3](#)

LinkedIn C26013 (draft)	

Team Member 2

Moved business development forward on three portfolios (mercury calibrator, UVA food, rocket propulsion), drafted a year-long Industry to Impact proposal, and added FirstIgnite scoring to the IPMR.

COMMERCIALIZATION

- C14050 Mercury Calibrator: met with Ohio Lumex; went well.
- C23018 UVA Food: outreach continuing.
- Animal models: proposing a website section in place of individual NCSs. [Decision 4](#)
- Interplay VC (Green Rockets): sent market report on solid and hybrid rocket propulsion.

MARKETING

- HEAL press release sent to CANR, followed up; no response. [Decision 5](#)
- LinkedIn post C26023 written; sent to inventor.

GENERAL

- Industry to Impact (USU Tech Series) with Chris Fox, College of Engineering: wrote proposal for a year-long series.
- Working IPMR updated with FirstIgnite edits: new market and scoring sections.
